

# 101

# VPP 101 ONLINE

EMPLOYEE SAFETY ENGAGEMENT PROGRAM

## How it Works

1. An email containing a link to a custom website is sent out to employees.
2. Employee reads VPP 101 booklet on website and then completes the embedded quiz.
3. After completing the quiz, the employee will receive their individual results.
4. Once the allotted time or deadline for the activity expires, a complete report of participation will be sent to management.
5. A safety reward gift (a promotional product) is distributed to those who participate, as a constant reminder of the topic.

Safety Promotional Products, VPP Inventory,  
Custom Printing, Employee Recognition  
Programs and much more!
