**PLEASE LEAVE THIS TEMPLATE IN IT'S OWN LAYER
DO NOT EMBED TEMPLATE INTO YOUR ARTWORK**

IMPORTANT INFORMATION PLEASE READ BEFORE PREPARING YOUR ART!!!!

NOTE: For the imprint to be visually correct, graphics positioned on layout grid must conform to the Horizontal & Vertical Lines.

For Bleed: Extend art at least 1/4" beyond the layout's edge, up to the dotted line. **BLUE BLEED AREA WILL BE TRIMMED OFF.**

NOTE: Text and images **WILL NOT** line up exactly where the left and right sides of the insert meet together.

Avoid placing important information that you do not want cut off in these areas.

Pay close attention to the areas on templates that say **(GRAPHICS IN THIS AREA ARE NOT VISIBLE).**

Avoid placing images, text or logos, etc. that you do not want affected in these areas.

In the final assembly of the product these areas will not be seen or will be magnified depending on the particular item you have chosen.

ANYTHING YOU DO NOT WANT AFFECTED PLACE 1/8" AWAY FROM THESE AREAS.

ALL INSERTS ARE DIE-CUT.

Die-cutting is a process of cutting the insert shape out of a larger sheet of paper.

(This process is similar to using a cookie cutter to get the desired cookie shape.)

Text and images **WILL NOT** line up exactly where the left and right sides of the insert meet together.

Avoid placing important information that you do not want cut off in these areas.

Pay close attention to the areas on templates that say **(GRAPHICS IN THIS AREA ARE NOT VISIBLE).**

Avoid placing images, text or logos, etc. that you do not want affected in these areas.

In the final assembly of the product these areas will not be seen or will be magnified depending on the particular item you have chosen.

ANYTHING YOU DO NOT WANT AFFECTED PLACE 1/8" AWAY FROM THESE AREAS.

SEE ATTACHED PAGES FOR CURVING INSTRUCTIONS.
